

## GUARDING SERVICES

Security officers are deployed primarily for patrolling and access control. The supervision and management of our officers is key to providing the required service levels. The specific guarding applications are available for manufacturing, warehousing, residential and estate security as well as retail security.

We are able to ensure that the highest training levels are provided through our accredited training company.

## VIP PROTECTION / HIGH VALUE ESCORTS

We provide experienced armed **close protection operatives (CPO's)** as well as operatives to escort high value loads. We offer support and escort vehicles for any occasion.
