Welcome

Acotherm cc is a light sheet-metal workshop that was established in 1992. We are a leading manufacturer of Sound Attenuators Silencers in the Air-conditioning and Ventilation Industry in South Africa. We are based in Krugersdorp (Gauteng) and specialise in the manufacture of standard sizes and custom Circular, Rectangular and Tube Silencers.

We strive to offer a range of related products and services ideally suited to your specific requirements. We are committed to delivering solutions to our customers that continuously exceed expectations, at the highest quality and best value.

We do our very best to ensure that our customers get the best lead time. Our promise to you is that we offer the best service and product possible and will always keep you up to date during the process of production.

We have built a good reputation with our clients which range from fan manufacturers, generator manufacturers, big air-conditioning contractors, industrial kitchen canopy manufacturers to small contractors. Our customers are king, big or small, and we understand that our business can only grow if all of our customers high expectations are met.

We manufacture Sound Attenuators to various specified standards and have set our own standard in the industry. Our long service staff are looking forward to hearing from you.

Please call us on: (011) 762-1099.

The Acotherm Team
