For Professionals

We provide a vertically integrated cement, aggregate and concrete business, enabling us to cater to all our customers' requirements from one central place.

For Homemakers

Looking for some do-it-yourself tips on building projects? Here you'll find a wealth of information from mixing and plastering, paving and screeding, to large projects like building fish ponds and even tennis courts.

AfriSam plays a leading role in creating awareness and establishing open debate about sustainability within the broader context of our industry. One of the platforms AfriSam uses to influence other role players is the AfriSam-SAIA Awards for Sustainable Architecture + Innovation
