Company Description

A&T imports Trinidad Lake Asphalt and manufactures Trinidad Chemical Resistant Linings (TCRL) at works in Johannesburg. A&T also specialises in installation of T.C.R.L. and most other chemical and water resistant linings such as epoxy, vinyl esters and PU systems as well as acid bricks and other specified linings and coatings. We believe that in order to supply the best quality and most durable product, that carry a guarantee, we need to use our expertly trained application crews combined with our state of the art manufacturing skills.
