SAMUK Forklifts

First Forklifts Is proud to announce a partnership with Samuk Forklifts, soon to be a market leader in the South African Industry. Samuk offers one of the most comprehensive ranges of material handling equipment, and a focus on customer satisfaction, commitment and product excellence, whilst remaining cost effective.

SAMUK LIFT TRUCKS LIMITED

In 1996, Samuk Forklifts was officially founded in the UK, and was on the forefront of a new era in forklift truck technology and quality. Samuk's main focus is on new technologies, customers experience and cost performance. With over 20 years development, Samuk is now renowned in the European market, especially in the UK, for its high quality products and first rate service.

Samuk is a positive brand with a sustainable development strategy. With this we have been extending the reach of our high quality products with more partners in the global market. Samuk

is expanding our sales & marketing from the European market to an international arena with full back up and infrastructure to insure positive growth.

To date, Samuk has one of the most comprehensive ranges of electric and engine powered material handling equipment offered in the market. Samuk aims to provide the most professional material handling solutions for our partners. Our focus is on customer satisfaction, product excellence and customer commitment – these are the qualities we intend to preserve as we continue to lead the way in the materials handling industry.
