Testimonials

Good afternoon Juan

Looks good and thank you for your help. I really appreciate it and your customer service is of 100% quality with such friendly help. Your prices beat many manufactures i have come across. Will let you know of further development.

Once again, thank you for your time and will be hearing from me soon.

Kind regards
DD Tyczynski

Thank you for the awesome service and prompt delivery

Sharon

Good day,
Last Saturday I purchased some steel for a DIY project and was served by Johan. It was a memorable experience and I have no hesitation in recommending Johan to any person using your company. I was doing some research on customer service and came across this website. <http://www.gofcr.com/a-practical-guide-to-connecting-with-customers/>. If anyone wants to experience all that is written in this article they just need to interact with Johan at Alberton Steel.

Regards
Duncan Geach, FNB International, Operations

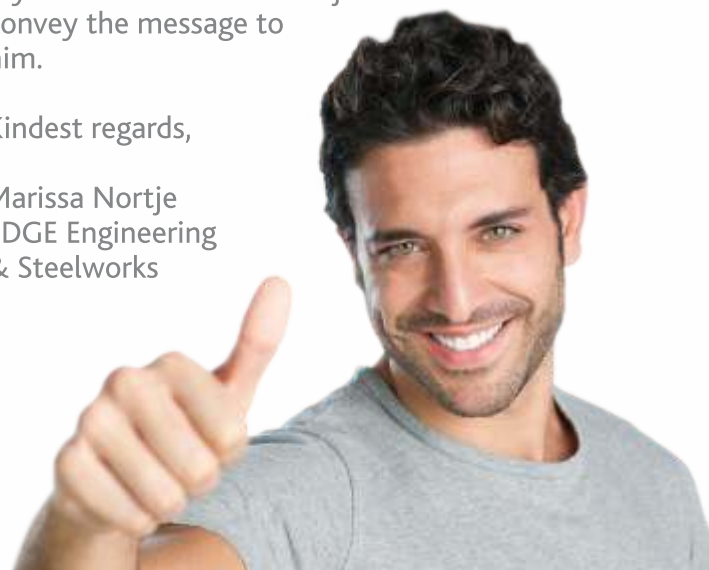

Morning, I just want to say a million thank yous to Juan Reynders. The service we receive time after time from him is above and beyond. He is always willing to help and always friendly.

People don't say thank you anymore, but I just want Head Office to know that he is really one in a million. I will never buy anywhere else again.

If you will be so kind as to just convey the message to him.

Kindest regards,

Marissa Nortje
